

IN THE CLAIMS

Claims 1-15 (Canceled)

--16. (New) An information processing system comprising:
receiving means for receiving an electronic mail containing electronic mail sender
information;
reading means for reading a lookup table including electronic mail account information
and a music file corresponding to said electronic mail account information; and
retrieving means for retrieving said music file corresponding to said electronic mail
account information of said electronic mail sender information received by said receiving
means.--

--17. (New) The information processing system as claimed in claim 16, wherein said
electronic mail account information in said lookup table is an electronic mail sender account.--

AI
--18. (New) The information processing system as claimed as claimed in claim 16,
wherein said electronic mail account information in said lookup table is a domain name in said
electronic mail sender account.--

--19. (New) The information processing system as claimed in claim 16, wherein said
music file retrieved by said retrieving means is provided to a player to play said music file.--

--20. (New) The information processing system as claimed in claim 16, wherein said lookup table is set up in advance.--

--21. (New) An information processing method comprising the steps of:
receiving an electronic mail containing electronic mail sender information;
reading a lookup table including electronic mail account information and a music file corresponding to said electronic mail account information; and
retrieving said music file corresponding to said electronic mail account information of the received electronic mail sender information.--

--22. (New) The information processing method as claimed in claim 21, wherein said electronic mail account information in said lookup table is an electronic mail sender account.--

AI
--23. (New) The information processing method as claimed as claimed in claim 21, wherein said electronic mail account information in said lookup table is a domain name in said electronic mail sender account.--

--24. (New) The information processing method as claimed in claim 21, wherein the retrieved music file is provided to a player to play said music file.--

--25. (New) The information processing method as claimed in claim 21, wherein said lookup table is set up in advance.--
